

MAGNETIC RESONANCE IMAGING ONLINE PROGRAM SAN ANTONIO, TEXAS

Medical Imaging Advancement

This program is implemented to meet the demand for highly educated Magnetic Resonance Imaging (MRI) technologists. The program is a one-year on-line didactic course with a clinical practicum experience.

Upon completion, the graduate becomes a candidate who will be fully prepared to take the Advanced Certification Registry in MR offered by the American Registry of Radiologic Technologists. This program is accredited by the Accrediting Bureau of Health Education Schools (ABHES) and licensed by the Texas Workforce Commission.

Course Opportunities for Success

The program provides:

- ❑ An advanced learning pathway for ARRT Registered Radiologic Technologists;
- ❑ Advanced medical imaging education to promote excellence and safety in the health care environment of MR;
- ❑ Didactic coursework to include computer applications, MRI physics and cross-sectional anatomy, safety patient care, pathology, and clinical competencies;
- ❑ Graduation with employment opportunities in the MRI field.

State of the Art Learning and Technology

Our faculty delivers and utilizes educational on-line learning principles to ensure a maximum virtual learning environment. The online platform allows for flexibility of your time. Clinical applications may be completed at any of our clinical affiliates or where you are presently working or located with special learning arrangements.

BAPTIST HEALTH SYSTEM SCHOOL OF HEALTH PROFESSIONS

Start Date: T.B.D.

(For announcements on start dates please call Student Services at (210) 297-9636, or visit us online at www.bshp.edu)

Program Length: 3 semesters (45 weeks)

Prerequisites

Must be ARRT Registered Radiologic Technologist or Registered Sonographer with ARRT or ARDMS.

Admission Requirements

- Complete the online application and enrollment agreement.
- Complete a Moodle orientation short course and certify that the applicant has the required computer access and capability required of all online course applicants.
- Completion of an approved JRCERT Program.
- Must be ARRT Registered Radiologic Technologist.
- Registered Sonographer.

Curriculum Plan

Semester 1

MR3111	Fundamentals of MRI Physics
MR3121	Sectional Anatomy I
MR3131	MRI Procedures and Pathology I
MR3141	Patient Care in MRI
MR3151	MRI Clinical Practicum I

Semester 2

MR3212	MRI Physical Principles
MR3222	Sectional Anatomy II
MR3232	MRI Procedures and Pathology II
MR3252	MRI Clinical Practicum II

Semester 3

MR3313	MRI Data Acquisition and Processing
MR3323	Sectional Anatomy III
MR3333	MRI Procedures and Pathology III
MR3342	MRI Safety
MR3353	MRI Clinical Practicum III
