

ASSOCIATE OF APPLIED SCIENCE RADIOLOGIC TECHNOLOGY

Education as Unique as You Are

The radiographer plays an important part in the diagnosis of disease with the use of imaging equipment and techniques. The Radiologic Technology program provides a unique opportunity to learn about and experience the technological breakthrough of medical imaging, to become a prime player in the care of patients, and to have an integral part in the diagnosis of disease. The program is a two-year Associate of Applied Science degree program, accredited by the Joint Review Committee on Education in Radiologic Technology.

An Emphasis on Success

Graduates are eligible to sit for the American Registry of Radiologic Technologists. Graduate scores have been consistently above the national average. The faculty is dedicated, caring and readily available for counseling. Our faculty are experts and have many years of teaching experience.

Career Opportunities

Medical imaging is changing daily. Our programs are structured to enable graduates to continue learning. Graduates of the AAS in Radiologic Technology (RT) program may enter the Diagnostic Medical Sonography program, or continue their education with advanced certifications in Computed Tomography (CT) or Magnetic Resonance Imaging (MRI). According to the Bureau of Labor Statistics, the need for RTs is expected to grow by 17 percent; the median salary for a typical RT in the United States is \$59,520 (May 2018, BLS). Actual salaries and employment opportunities may vary depending on the geographic location, market employment trends by local area, employer size, employee experience and employee credentials. Prospective students should research local employment opportunities as a part of their decision-making process.

Student Financial Assistance

- Federal student financial aid is available for those who qualify.
- Baptist Health Foundation of San Antonio Scholarships
- Additional scholarship opportunities may be available through local, state and national organizations. Please check the website at www.bsHP.edu for current lists.

ASSOCIATE OF APPLIED SCIENCE RADIOLOGIC TECHNOLOGY

Admissions Requirements

- Anatomy & Physiology I (3 semester credits)
- College Algebra (3 semester credits)
- Medical Terminology (1 semester credit)
 - Must be taken at an accredited college or university prior to applying
 - Must be passed with a grade of C or higher
 - 7-year expiration on science courses unless you are working in direct patient care

HESI A2 Entrance Exam

Applicants must register for and pass the HESI A2 entrance exam with the following minimum scores

- English Language: **76**
- Math: **76**
- Science: **76**

Start Dates & Application Deadlines

| | |
|---|------------------|
| Fall - Blended I & II Delivery | Deadline: Jul. 1 |
| Spring - Blended I & II Delivery | Deadline: Nov. 1 |
| Summer - Blended I & II Delivery | Deadline: Mar. 1 |

In Blended I delivery, general education courses are conducted online; core coursework and laboratory hours are on campus. Clinical hours will be conducted in-person at a hospital, imaging center or physician's office.

In Blended II delivery, all lecture courses are conducted online. Laboratory hours will be on campus and held two days per week for RADR 1311, RADR 2401 & RADR 2431. Clinical hours will be conducted in-person at a hospital, imaging center or physician's office.

Typical Course Schedule (Blended I)

Class schedules can vary from semester to semester, but the typical class schedule for the Blended I delivery is:

Monday - Friday: 8 AM - 5 PM

Clinical hours will vary depending on the clinical site

Curriculum Plan

| Semester I (16 weeks) | Credit Hours | Clock Hours - Lecture | Clock Hours - Lab | Clock Hours - Clinical |
|---|--------------------------------------|-----------------------|-------------------|------------------------|
| SOCI 1301: Introduction to Sociology* | 3 | 48 | 0 | 0 |
| COSC 1301: Introduction to Computing* | 3 | 48 | 0 | 0 |
| ENGL 1301: Composition I* | 3 | 48 | 0 | 0 |
| HPRS 2321: Medical Law & Ethics for Health Professionals* | 3 | 48 | 0 | 0 |
| PSYC 2314: Lifespan Growth & Development | 3 | 48 | 0 | 0 |
| Subtotal | 15 | 240 | 0 | 0 |
| | Credit Hours | Clock Hours - Lecture | Clock Hours - Lab | Clock Hours - Clinical |
| IMG 1301: Introduction to Imaging and Patient Care | 3 | 48 | 0 | 0 |
| RADR 1311: Basic Radiographic Procedures | 3 | 32 | 32 | 0 |
| RADR 2401: Intermediate Radiographic Procedures | 4 | 48 | 32 | 0 |
| RADR 2308: Imaging Equipment | 3 | 48 | 0 | 0 |
| Subtotal | 13 | 176 | 64 | 0 |
| | Credit Hours | Clock Hours - Lecture | Clock Hours - Lab | |
| RADR 2431: Advanced Radiographic Procedures | 4 | 48 | 32 | 0 |
| RADR 2305: Radiographic Imaging | 3 | 48 | 0 | 0 |
| RADR 2213: Radiation Biology and Protection | 2 | 32 | 0 | 0 |
| RADR 2361: Clinical Practicum I | 3 | 0 | 0 | 144 |
| Subtotal | 12 | 128 | 32 | 144 |
| Semester IV (16 weeks) | Credit Hours | Clock Hours - Lecture | Clock Hours - Lab | |
| RADR 2962: Clinical Practicum II | 9 | 0 | 0 | 432 |
| Subtotal | 9 | 0 | 0 | 432 |
| Semester V (16 weeks) | Credit Hours | Clock Hours - Lecture | Clock Hours - Lab | |
| RADR 2963: Clinical Practicum III | 9 | 0 | 0 | 432 |
| RADR 2235: Radiologic Technology Seminar | 2 | 32 | 0 | 0 |
